1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 4, 6-8 and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Japanese Patent 10-249,898 (see the figures therein).

Japanese –898 discloses the exact same method as that set forth in the instant claims.

See the abstract for instant claim 1; Figs. 7a and 7b for claim 2; Fig. 8 for claim 3;

Figures 3-5 for instant claims 6-8 and 10.

2. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

While applicant's comments are persuasive with respect to the previous rejection, it is noted that Japanese –898 is a valid reference against the claims until a certified translation of PCT/JP98/03507 is filed to perfect the priority date.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mathieu D. Vargot whose telephone number is 571 272-1211. The examiner can normally be reached on Mon-Fri from 9 to 6.
